

Hands-on course on oropharyngeal dysphagia:

Screening, assessment and new neurorehabilitation treatments

Mataró Hospital, Mon 28- Wed 30 September 2015

DAY 1: DIAGNOSIS, COORDINATOR, RENÉE SPEYER, PhD

- 8:00-09:30 Theory, Auditorium
- 15+5 Clinical screening and assessment, EAT 10, VVST, Renée Speyer, PhD
 - 15+5 FEES, Antonio Schindler, MD, PhD
 - 15+5 VFS, Pere Clavé, MD, PhD
 - 15+5 Manometry, Nathalie Rommel, SLP, PhD
- 0:00-13:00 Workshops, 4 groups will rotate around the 4 practical workshops
- 45 min Screening and assessment, Neurology/Geriatric Wards, O. Ortega, N. Vilardell,
 - 45 min FEES, Sala Girona Mar, A. Schindler, D. Farneti
 - 45 min VFS, Radiology Department, P. Pokieser, P. Clavé, V. Arreola, A. Martín
 - 45 min Manometry, Sala Polivalent, N. Rommel, L. Mundet
- 14:00-15:30 Case Studies and Discussion, Auditorium.
- 15+5 Screening and Assessment, R. Speyer, MSc, PhD, V. Arreola - clinical cases
 - 15+5 FEES, Daniele Farneti, MD
 - 15+5 VFS, Peter Pokieser, MD
 - 15+5 Manometry, Nathalie Rommel, PhD
- 16:00-18:00 **Designing a research study, Auditorium**
- Research Designs, Measurement and Psychometrics, R. Cordier, PhD, R. Speyer, PhD**

DAY 2: COMPENSATORY TECHNIQUES AND PHYSICAL THERAPY. COORDINATOR, ROBERTA GONÇALVES, SLP, PhD

- 8:00-9:30 Theory, Auditorium.
- 10+5 Adaptation for fluids: thickeners, Avido Yuliestyan, MSc, PhD,
 - 10+5 Texture adaptation of solids, Jun Kayashita, MD, PhD
 - 10+5 Nutritional adaptation, Rosa Burgos, MD, PhD
 - 10+5 Feeding tools PEG (oral vs non oral), Sílvia Carrión, MD
 - 10+5 Tongue strength devices, Gwen Nuffelen, SLP

- 10:00-13:00 Workshops, 4 groups will rotate around the 4 practical workshops
- 45 min Postures, Manoeuvres and Tongue Strength, Aula d'Activitats, R. Gonçalves, G. Nuffelen
 - 45 min Fluid adaptation, Aules 2 and 3, A. Yuliestyan, N. Vilardell
 - 45 min Eating devices, Sala Girona Mar, M. Casanovas, MD
 - 45 min Solids: consistency and nutrition, Hospital kitchen, Fundació Alicia, GAN Nutrition, A. Costa, MSc
- 14:00-15:30 Case Studies and Discussion, Auditorium.
- 15+5 Adaptation of liquids, A. Yuliestyan, C. Gallegos
 - 15+5 Adaptation of solids and nutrition, J. Kayashita (Chair) Gan Nutrition, Fundació Alícia, Arcasa,
 - 15+5 Postures and manoeuvres, R. Gonçalves,
 - 15+5 Feeding tools and eating devices, S. Carrión, M. Casanovas
- 16:00-18:00 Designing a research study, Auditorium .
- 60 min Observational studies: cross-sectional, case-control and cohort., M. Serra Prat, MD, PhD
 - 60 min Randomized controlled trials, design. M. Walshe, SLP, PhD

DAY 3: NEUROREHABILITATION STRATEGIES. COORDINATOR, MAGGIE LEE HUCKABEE, SLP, PhD

- 8:00-09:30 Theory, Auditorium.
- 15+5 Intraparyngeal electrical stimulation, Satish Mistry, MD, PhD
 - 15+5 Transcutaneous electrical stimulation, João Batista, SLP
 - 15+5 Repetitive transcranial magnetic stimulation, Emilia Michou, PhD
 - 15+5 Transcranial direct current stimulation, Sonja Suntrup, MD
- 10:00-13:00 Workshops, 4 groups will rotate around the 4 practical workshops
- 45 min Intraparyngeal electrical stimulation, Room 62 and 67. S. Mistry, L. Mundet, L. Rofes, E. Moreno
 - 45 min Transcutaneous electrical stimulation, Sala Girona Mar. J. Batista, N. Vilardell
 - 45 min Repetitive transcranial magnetic stimulation, Sala Polivalent E. Michou, E. Verin
 - 45 min Transcranial direct current stimulation, Aules 2 and 3. S. Suntrup, D. Alvarez, S. Kumar, O. Ortega
- 14:00-15:30 Case Studies and Discussion, Auditorium,
- 15+5 Intraparyngeal electrical stimulation, N. Vilardell
 - 15+5 Transcutaneous electrical stimulation, O. Ortega, MSc, N. Vilardell, MSc, J. Batista
 - 15+5 Repetitive transcranial magnetic stimulation, Eric Verin, MD
 - 15+5 Transcranial direct current stimulation, Sandeep Kumar, MD
- 16:00-18:00 Abstracts, oral presentations and posters, Auditorium
- How to write an abstract, give an oral presentation and design and present a poster, C. Newey
